Quotes of the Month

"A woman was looking at the rainbow produce banner. She went through all the vegetables on the banner and talked about how much she liked or dis-liked each one and also told me how she prepares a lot of her produce. She was very happy with the produce variety available that day."

"Sara arrived one day at NEKCA Newport with a few hundred pounds of produce. Once the manager put a 'Fresh Produce' sign outside people started coming in and the produce was quickly taken and brought home with many clients."
