

COLLABORATING FOR FOOD SECURITY

Vermont Foodbank

We believe hunger is solvable. We're collaborating to achieve a food-secure Vermont.

Vermont Foodbank advocates for policy solutions with organizations and community members at the state, regional, and national levels.

Legislators, community leaders, and everyday people-many of whom have lived experience of hunger—are working with us for a food-secure Vermont.

This collaboration is what fuels our vision: Everyone in Vermont has equitable access to enough nourishing food to thrive.
